EDUCATION

Dr. Shyama Prasad Mukherjee University, Ranchi **2022 – 2024**
Master Of Computer Application - ***CGPA - 8.8*** *Ranchi, Jharkhand*

Jharkhand Rai University, Ranchi **2018 – 2021**
Bachelor of Computer Applications ***CGPA - 6.9*** *Ranchi, Jharkhand*

Work Experience

Hashedbit Innovation **April 2024 – June 2024**
Software Developer Intern *Gurgaon,Haryana*

- Developed and maintained web applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Collaborated with the development team to design and implement RESTful APIs.
- Integrated third-party services and APIs for enhanced functionality.
- Optimized frontend performance and UI for responsive and efficient user experience.
- Participated in Agile development cycles, including sprint planning, daily stand-ups, and code reviews.

PROJECTS

NGO clothes Donation (Threads Of Hope) | MERN Stack

- Description: A simplified user-friendly web application for users to register and donate old clothes to the needy. Focused on bridging the gap between donors and NGOs efficiently.
- Admin Panel to manage user account and donations.
- User-friendly interface for donors to register and donate clothes.

Daily Expense Tracker | HTML, CSS, PHP, Mysql

- The application allows users to record daily expenses, categorize them, and analyze spending patterns through visually appealing charts and reports. Focused on creating an intuitive user interface and implementing secure data storage for an efficient expense management experience.
- Implemented User registration, login, role-based authorization.
- Admin Panel to manage user account.

Real Time Chat Application | MERN Stack, SocketIO, ChakraUI

- Built a full-stack chat app with real-time messaging using MERN stack and Socket.IO.
- Designed responsive UI with React and Material UI; managed state with Zustand.
- Developed secure REST APIs for auth and chat features using Node.js and Express.
- Integrated Axios for seamless client-server communication.

Text to Image Generator | MERN Stack,Clipdrop Api

- Developed a full-stack Text-to-Image Generator using React, Vite, TailwindCSS, Node.js, and Express.
- Implemented RESTful APIs, user authentication, and secure payment integration with JWT and Razorpay.
- Enhanced UI/UX using GSAP and Framer Motion for responsive, interactive interfaces.
- Managed MongoDB database with Mongoose and ensured code quality, performance, and scalability.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, SQL, NoSQL
Database: MongoDB,mySQL
Developer Tools: VS Code, Golang, Intellij Idea Ultimate, Postman GitHub, Git, Gitlab, jQuery, RESTful API
Technologies/Frameworks: ReactJS, Redux, Zustand, NodeJS, ExpressJS, Mongo, Linux, HTML5, CSS3, SCSS

CODING PLATFORM

- Solved 250+ DSA questions on Leetcode, Hackerrank and other Platform.
- 4 star at Hackerrank.
