EDUCATION

Dr. Shyama Prasad Mukherjee University, Ranchi **2022 – 2024**
Master Of Computer Application - ***CGPA - 8.8***

Work Experience

Hashedbit Innovation **April 2024 – June 2024**
Software Developer Intern *Gurgaon, Haryana*

- Developed and maintained web applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Collaborated with the development team to design and implement RESTful APIs.
- Integrated third-party services and APIs for enhanced functionality.
- Optimized frontend performance and UI for responsive and efficient user experience.
- Participated in Agile development cycles, including sprint planning, daily stand-ups, and code reviews.

Indux Technology **February-2026**
Full Stack Developer Intern *Bengaluru*

- Developed scalable web applications using Next.js, Node.js, Express, and MongoDB.
- Built RESTful APIs with Node.js to support dynamic frontend features and data management.
- Integrated external services and APIs for enhanced platform capabilities.
- Improved UI responsiveness and frontend performance in Next.js applications.

PROJECTS

NGO Clothes Donation Platform (Threads of Hope) | MERN Stack

- Built a full-stack platform connecting donors with NGOs, improving donation coordination and reducing manual follow-ups by 50%.
- Developed optimized RESTful APIs, reducing average API response time by 35%.
- Improved React UI performance and form handling, reducing failed submissions by 25% and improving load time by 40%.

Real Time Chat Application | MERN Stack, Socket.IO, ChakraUI

- Developed a real-time chat application supporting 50+ concurrent users using Socket.IO.
- Implemented secure JWT-based authentication and REST APIs for user and message management.
- Optimized socket events and payloads, reducing message latency by 30%.
- Built a responsive React UI, improving user engagement across mobile and desktop devices.

Text to Image Generator | MERN Stack,ClipDrop API

- Developed a full-stack Text-to-Image Generator using React, Vite, TailwindCSS, Node.js, and Express.
- Implemented JWT authentication and Razorpay payments, supporting 100+ secure transactions.
- Designed scalable backend APIs handling 100+ image generation requests per day.
- Enhanced UI/UX using GSAP and Framer Motion, improving interaction and session duration.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript,Typescript, SQL, NoSQL
Database: MongoDB,MySQL
Developer Tools: VS Code, Postman, GitHub, Git, Gitlab, jQuery, RESTful API
Technologies/Frameworks: ReactJS, Redux, Zustand, NodeJS, ExpressJS, Mongo, Linux, HTML5, CSS3, SCSS
Core Concepts: Data structures and algorithms, Object Oriented Programming(OOPS), Operating System, Database Management System (DBMS)

CODING PLATFORM

- Solved 250+ DSA problems on LeetCode, HackerRank, and other platforms.
- 4 star at Hackerrank.
